

## HX6075

### » Guide Channel

Bending Radius (R)			
110	135	185	235

(Dimensions in mm)

### » Calculation of required Number of Links

$$N = \left( \frac{\pi \times Or \times B}{360^\circ \times P} \right) + \frac{Lp}{P}$$

- N : Number of Links
- Or : Outer Radius
- B : Rotation angle
- P : Chain pitch
- Lp :  $\pi R + 6p$

### » Application

: Robot, Rotation Machine

### » Ordering

**HX6075, 100, R110 - 1000L : 10ST**
